

MEGA URANIUM LTD.

**NOTICE OF ANNUAL AND SPECIAL MEETING
AND
MANAGEMENT INFORMATION CIRCULAR**

January 22, 2016

MEGA URANIUM LTD.

NOTICE OF ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN that an annual and special meeting (the “Meeting”) of shareholders of Mega Uranium Ltd. (the “Corporation”) will be held at the offices of Norton Rose Fulbright Canada LLP, Royal Bank Plaza, South Tower, Suite 3800, 200 Bay Street, Toronto, ON M5J 2Z4, on Thursday, March 31, 2016, at 11:00 a.m. (Toronto time), for the following purposes:

1. to receive the audited financial statements of the Corporation for the year ended September 30, 2015 and the report of the auditors thereon;
2. to elect directors;
3. to appoint Ernst & Young LLP, Chartered Accountants, as auditors of the Corporation, and to authorize the directors to fix their remuneration;
4. to consider and, if thought fit, pass an ordinary resolution approving the unallocated stock options under the Corporation’s stock option plan, as more fully described in the management information circular of the Corporation in respect of the Meeting which accompanies this notice of meeting (the “Circular”);
5. to consider and, if thought fit, pass an ordinary resolution confirming a new by-law of the Corporation, as more fully described in the Circular; and
6. to transact such further or other business as may properly come before the Meeting or any adjournment(s) thereof.

Registered shareholders entitled to vote who do not expect to be present at the Meeting are encouraged to date, sign and return the form of proxy that has been provided to them by the Corporation. The directors have fixed the hour of 11:00 a.m. (Toronto time) on March 29, 2016 or, if the Meeting is adjourned or postponed, on the day that is two business days preceding the adjournment or postponement, as the time before which the instrument of proxy to be used at the Meeting must be deposited with the Corporation, c/o Equity Financial Trust Company, Suite 300, 200 University Avenue, Toronto, Ontario, M5H 4H1.

If you are a non-registered shareholder of the Corporation, either a proxy form or a voting instruction form has been sent to you. You must complete and return the form in accordance with the instructions provided on it in order to vote in respect of the matters indicated above either in person or by proxy at the Meeting. The section of the Circular entitled “*Non-Registered Holders*”, which is included with this notice of meeting, provides additional information for non-registered shareholders.

DATED the 4th day of February, 2016.

BY ORDER OF THE BOARD OF DIRECTORS

“Richard Patricio”

Richard Patricio
President & Chief Executive Officer

SOLICITATION OF PROXIES

THIS MANAGEMENT INFORMATION CIRCULAR IS FURNISHED IN CONNECTION WITH THE SOLICITATION BY THE MANAGEMENT OF MEGA URANIUM LTD. OF PROXIES TO BE USED AT THE ANNUAL AND SPECIAL MEETING (THE “MEETING”) OF SHAREHOLDERS OF THE CORPORATION TO BE HELD AT THE TIME AND PLACE AND FOR THE PURPOSES SET FORTH IN THE ENCLOSED NOTICE OF MEETING. While it is expected that the solicitation will be primarily by mail, proxies may also be solicited personally by our regular employees at nominal cost. The cost of solicitation by management will be borne directly by us. None of our directors have advised management in writing that they intend to oppose any action intended to be taken by management at the Meeting.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are officers and/or directors of the company. **A SHAREHOLDER DESIRING TO APPOINT SOME OTHER PERSON TO REPRESENT THE SHAREHOLDER AT THE MEETING MAY DO SO** either by inserting such person’s name in the blank space provided in that form of proxy or by completing another proper form of proxy and, in either case, depositing the completed proxy at the office of our transfer agent, Equity Financial Trust Company, Suite 300, 200 University Avenue, Toronto, Ontario M5H 4H1, not later than 11:00 a.m. (Toronto time) on March 29, 2016 or, if the Meeting is adjourned, on the day that is two business days preceding the adjournment.

A shareholder who has given a proxy has the power to revoke it as to any matter on which a vote has not already been cast pursuant to the authority conferred by such proxy and may do so either:

1. by delivering another properly executed form of proxy bearing a later date and depositing it as described above;
2. by depositing an instrument in writing revoking the proxy executed by the shareholder:
 - (a) with Equity Financial Trust Company at any time up to and prior to the close of business on the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used; or
 - (b) with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, prior to the commencement of the Meeting or any adjournment thereof, as applicable; or
3. in any other manner permitted by law.

VOTING OF PROXIES

Shares represented by properly executed proxies **WILL BE VOTED OR WITHHELD FROM VOTING IN ACCORDANCE WITH THE INSTRUCTIONS OF THE SHAREHOLDER ON ANY BALLOT THAT MAY BE CALLED FOR AND IF THE SHAREHOLDER SPECIFIES A CHOICE WITH RESPECT TO ANY MATTERS TO BE ACTED UPON, THE SHARES WILL BE VOTED ACCORDINGLY.** Where there is no choice specified, shares represented by properly executed proxies in favour of persons designated in the printed portion of the enclosed form of proxy **WILL BE VOTED FOR EACH OF THE MATTERS TO BE VOTED ON BY SHAREHOLDERS AS DESCRIBED IN THIS MANAGEMENT INFORMATION CIRCULAR.** The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the notice of Meeting, or other matters which may properly come before the Meeting. At the time of printing this circular, management knows of no such amendments, variations or other matters to come

before the Meeting. However, if any other matters which at present are not known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

If you are a non-registered holder of our common shares (i.e., you hold common shares that are not registered in your name), you should refer to the section below entitled “Non-Registered Holders” for information specific to you on how to vote your common shares at the Meeting.

NOTICE AND ACCESS

This circular and associated materials for the Meeting (collectively, the “**Meeting Materials**”) are being sent to both registered and non-registered holders of our common shares using “notice-and-access”, the delivery procedures that allow us to send shareholders paper copies of an information notice and form of proxy or voting information form, as applicable, while providing shareholders access to electronic copies of the Meeting Materials or to paper copies of the materials if they so request them within the applicable time periods. Meeting materials are available electronically at <http://noticeinsite.tmxequity.com/MegaUraniumASM2016>. Shareholders who want to receive a paper copy of the Meeting Materials or who have questions about notice-and-access may call toll free 1-866-393-4891 ext. 205. In order to receive a paper copy in time to vote before the Meeting, requests should be received by March 22, 2016.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Corporation consists of an unlimited number of common shares, of which 281,852,813 common shares were issued and outstanding as at January 22, 2016.

February 8, 2016 is the record date for determining the registered holders of our common shares who are entitled to vote at the Meeting. Each shareholder is entitled to one vote for each common share registered in the shareholder’s name on the record date.

To the knowledge of our directors and officers, as of January 22, 2016, no person beneficially owns, directly or indirectly or exercises control or direction over more than 10% of the outstanding common shares.

NON-REGISTERED HOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most of our shareholders are “non-registered” shareholders because the common shares that they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. A person is not a registered shareholder in respect of our common shares which are held either: (a) in the name of an intermediary that the non-registered shareholder deals with in respect of the common shares (an intermediary includes, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP’s, RRIF’s, RESP’s and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited), of which the intermediary is a participant.

A non-registered shareholder will receive Meeting Materials from either the intermediary who holds their common shares or directly from us (or our agent). If you are a non-registered shareholder and we or our agent have sent the Meeting Materials directly to you, your name and address and information about your holdings of our common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf. By choosing to send these materials to you directly, we (and not the intermediary holding on your behalf) have assumed responsibility

for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Included in your Meeting Materials is a voting instruction form. You must complete the form and return it containing your voting instructions as specified in the form in order for your common shares to be voted at the Meeting.

If you are a non-registered shareholder and object to us receiving access to your personal name and address, we have provided these documents to your broker, custodian, fiduciary or other intermediary to forward to you. Please follow the voting instructions that you receive from your intermediary. Your intermediary is responsible for properly executing your voting instructions.

The purpose of these procedures is to permit non-registered shareholders to direct the voting of the common shares which they beneficially own. If you receive a voting instruction form with your Meeting Materials and you want to vote at the Meeting in person, you must insert your name in the blank space provided or the name of someone else who will attend the Meeting on your behalf, instead of filling in the voting instructions in the form, and return the form in accordance with the instructions contained in it. When you arrive at the Meeting, you or the person that you have designated on your voting instruction form to attend on your behalf will then have to register with the scrutineers.

PARTICULARS OF MATTERS TO BE ACTED UPON

Financial Statements

Our consolidated financial statements for the fiscal year ended September 30, 2015, together with the auditors' report thereon, will be placed before the shareholders at the Meeting.

Election of Directors

Majority Voting Policy

The board of directors has adopted a majority voting policy which requires that any nominee for election as a director in an uncontested election, who receives a greater number of votes "withheld" from his or her election than votes "for" such election, promptly tender his or her resignation to the board, to be effective upon the board's acceptance. The board will promptly, and in any event within 90 days of the final voting results, accept the tendered resignation unless it determines that there are extraordinary circumstances relating to the composition of the board or the voting results that should delay the acceptance of the resignation or justify rejecting it. Subject to any corporate law restrictions, the board may leave a resulting vacancy unfilled until the next annual meeting of shareholders, fill the resulting vacancy through the appointment of a new director, or call a special meeting of shareholders to consider another nominee for election to fill the vacancy.

Nominees For Election

At the Meeting, management proposes to nominate the persons listed below for election as directors (the "Nominees"). Each director will hold office until the election of his successor at our next annual meeting, or any adjournment thereof, or until his office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (Ontario).

The following table provides the names of the Nominees and information concerning them. **The persons named in the enclosed form of proxy intend to vote FOR the election of each of the Nominees. Management does not contemplate that any of the Nominees will be unable to serve as a director, however, if a Nominee is so unavailable, the persons named in the enclosed form of proxy will vote FOR another nominee in management's discretion, unless the shareholder has specified in the**

shareholder's proxy that the shareholder's shares are to be withheld from voting in the election of the Nominee.

New Nominees to the Board

Albert Contardi: Mr. Contardi is a consultant/adviser with over 15 years of legal, investment and capital markets experience. He advises on and structures corporate finance transactions in the mining, technology and bio-technology sectors, to maximize enterprise value or specific projects/assets. Mr. Contardi has extensive experience in advising a broad range of clients, including both senior and junior issuers, underwriters, agents, selling security holders, entrepreneurs and private corporations.

Previously, he was Vice President of Corporate Finance and Compliance at an exempt market dealer, where his responsibilities included advising on public and private equity and debt financings, public listings, mergers and acquisitions and other corporate transactions.

Mr. Contardi began his career practicing law as an Associate in the corporate/securities law practices at Gowling Lafleur Henderson LLP and Goodman and Carr LLP. He has been called to the Ontario Bar, is a member of the Law Society of Upper Canada and is a graduate of Queen's University Law School.

Larry Goldberg: Mr. Goldberg is a Chartered Professional Accountant (CPA, CA) with over 30 years of financial, operational and capital markets experience in numerous industries, and is currently the Chief Financial Officer of JSN Jewellery Inc., a manufacturer and wholesaler of diamond jewellery. Prior to joining JSN in May 2014, he served as Chief Financial Officer for several private and public companies, including Blue Goose Capital Corp., an organic food company, Arcestra Inc., a software company where he was also Chief Operating Officer, and ZENN Motor Company Inc., an energy storage technology

company. He was also Chief Financial Officer of Mega from 2004 to 2010. Mr. Goldberg has previously served as a director and chair of the audit committee of Energy Fuels Inc., a uranium producer interlisted on the TSX and NSYE.

Cease Trade Orders, Bankruptcies, Penalties or Sanctions

No proposed director of the company is, or within the 10 years prior to the date of this circular, either:

- (i) has been a director, chief executive officer or chief financial officer of any company that while that person was acting in that capacity (or in the case of (c) below, within a year of the person ceasing to act in that capacity):
 - (a) was the subject to a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days (any of such orders, an “Order”);
 - (b) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer; or
 - (c) became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (ii) has individually, within the 10 years prior to the date of this circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold his assets,

with the exception of the following:

- (I) Douglas Reeson was a director of Colossus Minerals Inc. from January 2007 to December 29, 2013. On January 14, 2014, Colossus announced a notice of intention to make a proposal under the *Bankruptcy and Insolvency Act* (Canada) to enable Colossus to pursue a sale and restructuring with the benefit of creditor protection. Colossus’ common shares were suspended from trading by the TSX. On January 21, 2014, the TSX decided to delist Colossus’ common shares and all other listed securities on February 21, 2014. On March 14, 2014, the Ontario Superior Court approved Colossus’ Second Amended Proposal and Plan of Reorganization which provided for a share consolidation of the existing shareholders on a 200:1 ratio whereby the existing shareholders would retain a 1.7% equity interest in the recapitalized company. On April 29, 2014, the Ontario Securities Commission issued a temporary cease trade order and on May 12, 2014, a cease trade order against the company for failing to meet continuous disclosure requirements.

Appointment of Auditors

Unless such authority is withheld, the persons named in the enclosed form of proxy intend to vote **FOR** the appointment of Ernst & Young LLP, as our auditors, to hold office until our next annual meeting of shareholders, and to authorize the directors to fix their remuneration.

Approval of Unallocated Stock Options under Stock Option Plan

We grant stock options under our 2007 stock option plan, as amended, to eligible directors, officers and employees of, and consultants to, the Corporation and its subsidiaries.

The number of our common shares issuable under our stock option plan cannot exceed 10% of the number of our common shares outstanding from time to time. Because the stock option plan does not have a fixed maximum number of common shares issuable under it, the rules of the Toronto Stock Exchange require that all unallocated options under the stock option plan be subject to renewal approval by a majority of our directors and shareholders every three years. The unallocated options under the stock option plan were last approved by our shareholders at the annual and special meeting of shareholders held on March 19, 2013 (and by our directors prior to that meeting). Accordingly, the unallocated options must be approved by shareholders at the Meeting. The directors approved the unallocated options prior to the mailing of this information circular.

As at January 22, 2016, up to 28,185,281 common shares are issuable and 17,280,000 options are outstanding under the stock option plan. Accordingly, an aggregate of 10,905,281 options are unallocated under the stock option plan (excluding any additional options which may become available for grant from time to time pursuant to the stock option plan's "re-load" provision). Additional information concerning the stock option plan is provided elsewhere in this information circular under the heading "Securities Authorized for Issuance Under Equity Compensation Plans – Stock Option Plan".

At the Meeting, shareholders will be asked to consider and, if thought fit, pass a resolution (the "**Stock Option Resolution**") approving the unallocated options under the stock option plan substantially in the following form:

"IT IS RESOLVED THAT all unallocated options under the 2007 stock option plan, as amended, of Mega Uranium Ltd. are hereby approved until March 31, 2019, the date that is three years from the date hereof."

In order to be effective, the Stock Option Resolution must be passed by a majority of the votes cast by the shareholders present in person or represented by proxy at the Meeting. If the Stock Option Resolution is not so passed, then we will be prohibited from making any further option grants under our stock option plan until such time as the requisite shareholder approval is obtained. Additionally, commencing March 19, 2016, we cannot make additional grants under the stock option plan until the outcome of the vote on the Stock Option Resolution at the Meeting. Options outstanding immediately prior to the Meeting will not be affected by the results of the vote on the Stock Option Resolution.

The Board of Directors believes that approval of the unallocated options under our stock option plan is in the best interest of the Corporation and our shareholders and, accordingly, unanimously recommends that shareholders vote in favour of the Stock Option Resolution. **Unless otherwise instructed, the persons named in the form of proxy enclosed with this information circular intend to vote FOR the Stock Option Resolution.**

Confirmation of New By-Law

Effective February 4, 2016, our board of directors made a new by-law regulating the nomination of directors (the “**New By-law**”). The New By-law was enacted to reflect current corporate practices. The full text of the New By-law is attached as Schedule A to this circular and is filed under our profile at www.sedar.com (as are our existing by-laws which are unaffected by the New By-law).

In accordance with the *Business Corporations Act* (Ontario), after a by-law is made, amended or repealed by directors, it must be confirmed by shareholders at the next annual shareholders’ meeting. Accordingly, the New By-law will be put before shareholders for confirmation at the Meeting. If the New By-law is not so confirmed, it will cease to be effective as of the date of the Meeting.

Summary of Certain Provisions of the New By-Law

A summary of certain provisions of the New By-law is provided below and is qualified, in its entirety, by reference to the full text of the New By-law which is included in Schedule A of the circular.

The New By-law sets out an advance notice requirement for shareholders who wish to nominate their own directors at an annual or special shareholders’ meeting. The advance notice requirement is intended to provide a fair and transparent procedure for nominating directors by ensuring that we and our shareholders receive adequate prior notice of director nominations, as well as sufficient information on all the nominees. In this way, all shareholders are treated equally, including those participating in a meeting by proxy rather than in person, and can thereby exercise their voting rights in an informed manner. The requirement should also assist in facilitating an orderly and efficient meeting process.

The advance notice requirement fixes deadlines for submitting director nominations to us prior to any annual or special meeting of shareholders where directors are to be elected, and sets forth the information that a shareholder must include in their nomination in order for it to be valid. In the case of an annual shareholders’ meeting, the deadline for notice of a shareholder’s director nominations is not less than 30 days prior to the meeting; provided, however, if the first public notice of an annual shareholders’ meeting is given less than 50 days prior to the meeting date, shareholders must provide notice of their nominations by close of business on the 10th day following the announcement of the meeting. In the case of a special meeting (which is not also an annual meeting) called for the purpose of electing directors, shareholders must provide notice of their nominations not later than the close of business on the 15th day following first public announcement of the special shareholders’ meeting.

Shareholder Approval

At the Meeting, shareholders will be asked to consider and, if thought fit, pass an ordinary resolution (the “**By-law Resolution**”) to confirm the New By-law substantially in the following form:

“IT IS RESOLVED THAT:

1. By-Law No.2 of Mega Uranium Ltd. (the “**Company**”) made by the directors of the Company effective February 4, 2016 is hereby confirmed.”

The By-law Resolution must be approved by a majority of the votes cast by the holders of our common shares present in person or represented by proxy at the Meeting. If the resolution is not so approved, the New By-law will cease to be effective as of the date of the Meeting.

Unless otherwise instructed, the persons named in the form of proxy enclosed with this circular intend to vote FOR the By-Law Resolution.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Discussion and Analysis

Our executive compensation structure is designed to encourage and motivate executives to achieve high levels of performance, both individually and for the company, particularly over the medium-to-long term. An executive's overall compensation package in any given year will reflect the functions being performed, and his or her overall contribution to the organization, capacity to improve our financial performance, enthusiasm and loyalty, and ability to create (or help to create) value for the benefit of our shareholders.

An executive's compensation may be comprised of three principal components: base salary, annual or periodic cash bonuses and stock options. Base salary and cash bonus components motivate executives in the short-to-medium term, while stock option grants align their interests with those of our shareholders and assist in keeping us competitive in the market for high quality executives.

Each component of an executive's compensation is typically determined with an overall view to the individual's total compensation package.

The process for determining executive compensation overall is relatively informal, in view of our size and operations. Executive officers are involved in the process and make recommendations to the Nominating and Compensation Committee, which considers and, depending upon the circumstances, either approves senior management compensation or recommends the compensation to the Board of Directors for approval.

Except for the annual bonus entitlement for our President and Chief Executive Officer (discussed below under "Bonus"), there are no specific performance goals used in determining the compensation of executive officers. As an exploration company without a reoccurring revenue or profit base, executive compensation is not tied to quantitative measures of our performance. Compensation may, however, be tied to certain qualitative measures of our performance. For example, an executive's contribution toward the achievement of certain strategic objectives (e.g., meeting exploration targets or completing acquisitions) may be considered for the purposes of determining an entitlement to (and quantum of) a cash bonus and/or option grant. The same may also be a factor in determining salary increases.

In assessing the adequacy and competitiveness of executive compensation packages, including for the purposes of considering increases in base salaries and bonus awards, reference may be made to the practices of a comparative group of uranium-focused public companies chosen based upon factors such as size (market capitalization), stage of operations (pre-production to production), and location of operations (North America and Australia, among others), with a view to providing a spectrum of compensation data. The most recent comparative group utilized by us for this purpose consisted of the following companies:

Bannerman Resources Limited	Fission Uranium Corp.
Laramide Resources Ltd.	NexGen Energy Ltd.
Toro Energy Limited	UEX Corporation
Uranerz Energy Corporation	U308 Corp.

In response to industry conditions, management and directors deferred receipt of all or part of their compensation (i.e. cash compensation was accrued but not paid) commencing during the second half of the 2014 calendar year and continuing through 2015. As the financial markets, the uranium market and conditions in the uranium mining industry have not turned around and activity levels within the company have decreased over the course of the last few years, the board undertook a review and rationalization process aimed at increasing efficiencies and reducing costs within our senior management team, which culminated in the retirements of our then Chief Executive Officer and our President and the promotion of our then Executive Vice-President, Corporate Affairs to both of the positions. As part of the process, the Nominating and Compensation Committee conducted a review of compensation levels during 2015 with a view to making adjustments where appropriate. The Committee determined that compensation of management and directors should be within the lowest quartile of the comparative group and made recommendations to the board regarding compensation reductions for our Chief Executive Officer and Executive Vice President, Australia, which changes were implemented effective March 1, 2015.

Details concerning the compensation paid to our “Named Executive Officers” are disclosed elsewhere in this section of the circular. The Named Executive Officers are the Chief Executive Officer and Chief Financial Officer and each of our three most highly compensated executive officers, other than the Chief Executive Officer and Chief Financial Officer, whose total compensation for the 2015 financial year was greater than \$150,000, as calculated in accordance with the requirements of National Instrument 51-102 – *Continuous Disclosure Obligations* (“NI 51-102”). The Named Executive Officers for our 2015 financial year are: Sheldon Inwentash, Chief Executive Officer until March 2015; Richard Patricio, Chief Executive Officer commencing March 2015 and Executive Vice President, Corporate Affairs prior to then; Gerry Feldman, Chief Financial Officer; and Richard Homsany, Executive Vice President, Australia.

Salary

Amounts paid to an executive officer as base salary, including merit salary increases, are determined by reference to the individual’s performance and salaries prevailing in the marketplace for comparable positions.

The base salary of each executive officer is reviewed as required. Salary adjustments take into consideration the general level of salaries in the marketplace for comparable positions, the performance of the executive and our performance.

During the 2015 financial year, both Richard Patricio and Richard Homsany agreed to reductions in their base compensation levels following a compensation review undertaken by the Nominating and Compensation Committee (discussed above). The annual base compensation of Mr. Patricio, who was promoted from Executive President, Corporate Affairs, to President and Chief Executive Officer in March 2015, decreased from \$250,000 to \$175,000 (and from \$480,000 paid to our former Chief Executive Officer who resigned in March 2015). Mr. Homsany’s annual base compensation decreased from AUD\$475,000 to AUD\$240,000 (AUD\$1 = Canadian\$1 as at the date of this circular).

The Nominating and Compensation Committee sought to reduce aggregate base compensation in light of the reduced market capitalization of the company and the decrease in properties over which we have direct management, and settled on reductions within the lowest quartile of the comparative group of companies. The revised compensation levels represent a 75% decrease in overall base compensation from fiscal 2014. Additionally, subsequent to the 2015 fiscal year end, a further reduction in aggregate base compensation was achieved upon the appointment of a new Chief Financial Officer.

The Named Executive Officers also deferred payment of and accrued all or a portion of their base compensation for the year in order to assist in reducing the company’s short-term cash requirements.

Bonus

Cash bonus awards are designed to reward an executive for the direct contribution which he or she can make to the company. Pursuant to the terms of his agreement with us, Mr. Patricio is entitled to an annual performance-based bonus (discussed below), the terms of which are set by the Board of Directors or the Nominating and Compensation Committee, and the other Named Executive Officers are entitled to receive discretionary cash bonuses from time to time, as determined by the Chief Executive Officer, and approved by the Nominating and Compensation Committee. Except in respect of Mr. Patricio, and as discussed earlier in this section, there are no specific performance goals used in determining an officer's bonus entitlement.

Bonuses are generally awarded in respect of a calendar year, rather than our financial year ended September 30th. No cash bonuses were paid to the Named Executive Officers in respect of the 2015 calendar year.

For the 2015 calendar year, Mr. Patricio was eligible to earn a bonus of up to 100% of his base compensation upon achieving the following corporate and individual performance objectives: (i) 25% for an increase of more than 100% in the company's share price; (ii) 25% for completion of an acquisition valued at more than \$10 million; (iii) 25% for completion of a financing for gross proceeds in excess of \$5 million; and (iv) 25% at the discretion of the board.

Option-based awards

Stock option grants are an important component of the compensation packages of the Named Executive Officers. Options are granted pursuant to our stock option plan. Our stock option plan is administered by the Board of Directors, which has the authority to amend the plan and the terms of outstanding options, subject to applicable regulatory and shareholder approvals and provided that no amendment may materially impair the rights of existing option holders in respect of options outstanding prior to the amendment. In accordance with option granting procedures adopted by the Board of Directors, options may be awarded on four pre-established, regular grant dates during the year (provided no trading black-outs are in effect on such dates).

Generally, the Chief Executive Officer proposes option grants for executive officers and the Nominating and Compensation Committee reviews the proposed grants prior to their submission to the Board of Directors for its consideration and approval. When considering an award of options to an executive officer, consideration of the number of options previously granted to the executive may be taken into account.

Additional information concerning our option granting process and practices and grants made to the Named Executive Officers is provided elsewhere in this circular under the heading "Incentive Plan Awards" and in the Summary Compensation Table.

Compensation Risk

As discussed above, our compensation practices are relatively informal and involve a mix of salary, stock options and discretionary cash bonuses determined in view of an individual's and the company's overall performance, without specific performance goals. The mix of components represents a balanced approach, combining fixed and variable pay and short-to-long term incentives. Salary, bonuses and option grants for our executive officers are also reviewed and/or approved by the Nominating and Compensation Committee, which acts as a control on the quantum of these compensation components in view of their discretionary nature.

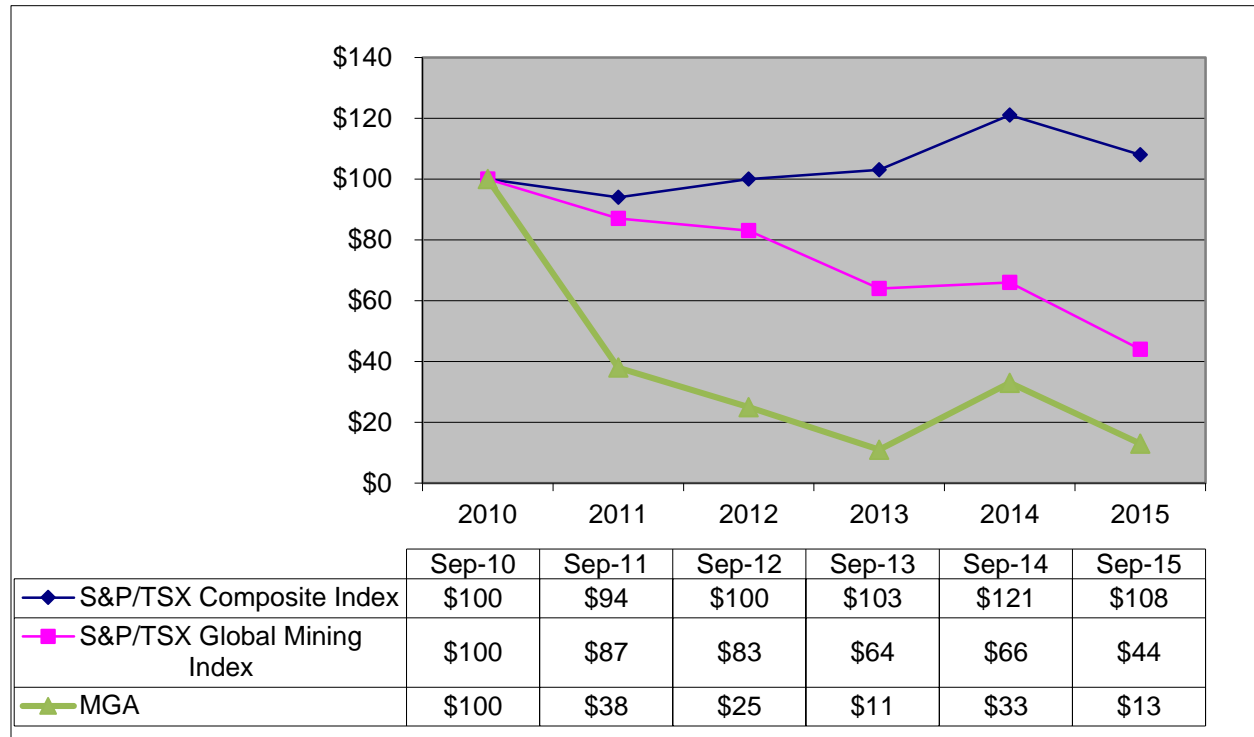

The Nominating and Compensation Committee has considered our compensation practices to determine whether they are likely to encourage executive officers to expose the company to inappropriate or excessive risks. The Committee concluded that there are no risks identified from our compensation policies and practices that are reasonably likely to have a material adverse effect on the company.

Restrictions on Hedging Mega Securities

Our directors and officers, including the Named Executive Officers, are subject to our Insider Trading Policy. The policy does not specifically prohibit them from purchasing financial instruments that could be used to hedge a decrease in the market value of equity securities granted to them as compensation or held, directly or indirectly, by them. It does prohibit short selling any of our securities (that is selling securities which are not owned at the time of sale), except for the purpose of facilitating the exercise or conversion of a security owned and corresponding sale of the underlying security.

Performance Graph

The following graph compares the cumulative total shareholder return on our common shares (assuming the reinvestment of cash dividends of which there have been none) with the cumulative total return on the S&P/TSX Composite Index and the S&P/TSX Global Mining Index for the five most recently completed financial years. The graph and table illustrate what a \$100 investment in our common shares made on September 30, 2010, as compared to a \$100 investment in the S&P/TSX Composite Index and the S&P/TSX Global Mining Index made on the same date, would be worth on September 30th of each of the five subsequent years.

As reflected in the graph above, our stock price declined consistently and dramatically during the 2010 to 2013 period, as declining uranium prices impacted the valuations of uranium-focused public companies, the uranium sector as a whole was further dramatically impacted by the events at the Fukushima nuclear plant following the March 2011 earthquake and tsunami in Japan, and commodity-based public companies were generally impacted by overall market declines. Our stock price rebounded significantly during our 2014 financial year, however, as the market sentiment regarding uranium began to turn, but then tracked the overall downturn in the markets through 2015, as commodity prices suffered significant declines.

The following graph compares the trend in compensation of the Named Executive Officers (referred to as “NEO Compensation” in the graph), as a group, to the trend in our share price. The annual aggregate compensation paid to the Named Executive Officers for each of the last five financial years, indexed to 2010, is shown with the cumulative total shareholder return on our common shares over the same period.

Generally, no specific part of our executive compensation structure is directly tied to our share price, in the sense that share performance is not typically determinative of the quantum of base salaries, annual bonuses or stock option grants, though it may be a factor considered from time to time.

Option-based awards represent the form of compensation most directly tied to our stock price, insofar as the intrinsic value of options at any point in time (i.e., whether or not they are “in-the-money” and by how much) is directly correlated to the trading price of our shares and is thereby the compensation component most directly aligned with the interests of our shareholders. Additionally, in accordance with NI 51-102, for the purposes of calculating the NEO Compensation above and the total compensation of the Named Executive Officers under “Summary Compensation Table” elsewhere in this section of the circular, options granted to the Named Executive Officers are valued using the Black-Scholes valuation method. Because our stock price is an input used in the Black-Scholes valuation method, the Named Executive Officers’ total annual compensation reflected in the graph is, at least, partially connected to the market value of our shares on the grants dates.

Increases in total compensation for the Named Executive Officers during the five year period reflected in the graph above are primarily attributable to annual discretionary bonuses paid during the 2010 calendar year, option grants made each year other than the 2011 and 2013 financial years and reductions in base compensation for certain of the Named Executive Officers which took effect near the end of the first half of our financial year (and the retirement of our then Chief Executive Officer). It should be noted that the individuals who qualified as the Named Executive Officers were not the same in each of the years reflected in the graph. Accordingly, changes in compensation from year to year will have also been at least partially attributable to changes in the composition of the Name Executive Officers, as a group (and to the number of individuals in the group, which has been only four for the years commencing with 2013).

Compensation Governance

The Nominating and Compensation Committee assists our Board of the Directors in respect of compensation of our directors and officers. As described earlier, our compensation practices are relatively informal and, except as otherwise indicated, the Board of Directors has not specifically adopted any formal policies or practices to determine director and officer compensation.

The members of the Nominating and Compensation Committee are Anthony Grey, Arni Johannson, and Douglas Reeson, each of whom is independent from the company. All of the committee members also serve on our Audit Committee, and have previously served and/or currently serve on the audit committees and compensation committees of other public companies. Accordingly, each brings to the committee an understanding of financial and risk management matters relating to Mega specifically, as well as those matters in the context of other issuers, which enables the committee, as a whole, to make decisions concerning our compensation policies and practices. The responsibilities of the Nominating and Compensation Committee are described in the section of this information circular entitled “Corporate Governance – Compensation” and their involvement in the determination of the Named Executive Officers’ compensation is described earlier in this section.

Summary Compensation Table

The following table sets forth the total compensation paid or payable by us, for our fiscal years ended September 30, 2015, 2014 and 2013, to our Chief Executive Officer, Chief Financial Officer and our three most highly compensated executive officers (other than the Chief Executive Officer and Chief Financial Officer) whose total compensation exceeded \$150,000 during the 2015 fiscal year (collectively, the “**Named Executive Officers**”). Only one executive officer (other than the Chief Executive Officer and the Chief Financial Officer) earned over \$150,000 in total compensation for the 2015 financial year.

⁽¹⁾ Commencing with the 2014 financial year, the Named Executive Officers deferred receiving payment of their fees (which were accrued and unpaid at the end of the 2015 financial year, with the exception of Mr. Inwentash’s which were paid subsequent to his retirement).

(2) Option-based awards are stock options granted to the Named Executive Officers under our stock option plan. Each option entitles the holder to acquire one common share of Mega. Options vest and become exercisable in equal amounts every three months, over a period of eighteen months from the grant date, are granted at an exercise price per share equal to the closing price of our common shares on the Toronto Stock Exchange on the trading day immediately preceding the grant date, and expire five years from the grant date.

The dollar value of the option-based awards reflects the fair value of the options granted to the Named Executive Officers during the year, calculated as at the applicable grant date using the Black-Scholes valuation method. The values are calculated and provided for the purposes of the requirements of NI 51-102 and may not reflect the actual values that would be realized by the Named Executive Officers when they ultimately exercise the options, if at all, which realized values will depend upon the market price of our common shares at the time of exercise. Additionally, the values reported do not reflect the intrinsic value of the options (the difference between the market price of the shares and the exercise price) on the grant date or as at the end of the applicable financial year. Details of the Black-Scholes values used to calculate the fair value of the option grants indicated in the table are provided in the section entitled “Fair Value of Option-Based Awards which follows the table.

2015 options are exercisable at a price per share of \$0.09, until expiry on May 31, 2020. During the 2015 financial year, 4,000,000 options were issued to Mr. Patricio and 500,000 options were issued to each of Mr. Feldman, and Mr. Homsany. 2014 options are exercisable at a price per share of \$0.10, until expiry on December 31, 2018. During the 2014 financial year, 1,500,000 options were issued to Mr. Inwentash, and 500,000 options were issued to each of Mr. Feldman, Mr. Patricio and Mr. Homsany. No options were granted to the Named Executive Officers during the 2013 financial year. The dollar values of all of the foregoing options on their respective grant dates (calculated as set forth in the section below entitled “Fair Value of Option-Based Awards”) are reported in the table.

(3) We do not have any long-term non-equity incentive plans. Non-equity incentive plan compensation reflects discretionary annual cash bonuses paid to the Named Executive Officers in respect of the applicable financial year ended September 30th.

(4) Compensation was paid to 1359489 Ontario Limited, a corporation wholly-owned by Mr. Inwentash. Mr. Inwentash resigned as Chief Executive Officer effective March 1, 2015 and as Chairman of the board and a director effective March 19, 2015. He did not receive any compensation from us for services rendered in his capacity as a director during the 2013 to 2015 financial years.

(5) Other compensation reflects payment of three months’ fees in connection with Mr. Inwentash’s resignation. (See “Termination and Change in Control Benefits”, elsewhere in this section of the circular.)

(6) Compensation is paid to Totus Inc., a corporation controlled by Mr. Patricio. Effective March 1, 2015, Mr. Patricio was promoted from Executive Vice President, Corporate Affairs to President and Chief Executive Officer. Mr. Patricio was entitled to aggregate fees totaling \$250,000 per year until March 1, 2015, when they were reduced to \$175,000 per year (as part of our cost reduction initiatives).

(7) Compensation is paid to Feldman & Associates Professional Corporation, a corporation wholly-owned by Mr. Feldman. Mr. Feldman resigned as CFO subsequent to the end of our 2015 financial year.

(8) Compensation is paid to Cardinals Corporate Pty Ltd, a corporation controlled by Mr. Homsany. Mr. Homsany was entitled to receive aggregate fees totaling AUD\$475,000 per year until March 1, 2015, when they were reduced to AUD\$240,000 per year (as part of our cost reduction initiatives). His fees are paid in Australian dollars by one of our Australian subsidiaries. Consistent with our accounting practices, amounts indicated in the table have been converted from Australian dollars to Canadian dollars at the average Bank of Canada exchange rate during the applicable financial quarter in which the amounts were paid. The average exchange rate utilized for conversation of the 2013, 2014 and 2015 amounts was \$1.017, \$0.99335 and \$0.9660, respectively.

Fair Value of Option-Based Awards

The dollar value of the option-based awards indicated in the table above reflects the fair value of the options granted to the Named Executive Officers during the year, calculated as at the applicable grant date using the Black-Scholes valuation method.

Each option grant made to a Named Executive Officer is determined based upon the number of Common Shares underlying the grant, rather than by ascribing a particular value to the grant. The Black-Scholes valuation method used for the purposes of calculating the fair value of the grants is the same methodology used by us for accounting purposes.

The Black-Scholes value of each option granted to a Named Executive Officer in the applicable year and the assumptions and estimates used in calculating the value are provided in the table below:

		Option Fair Value, Assumptions and Estimates				
Grant Date	Exercise Price (\$)	Fair Value (\$)	Share Price Volatility (%)	Expected Life (years)	Expected Dividend Yield (%)	Risk-Free Interest Rate (%)

⁽¹⁾ The value of an in-the-money option is equal to the difference between the closing price of our common shares on the Toronto Stock Exchange on September 30, 2015 (\$0.08), the last trading day of our 2015 financial year, and the exercise price of the option. A nil value indicates that none of the options were in-the-money as at September 30, 2015.

Incentive plan awards – value vested or earned during the year

The following table indicates the value of the incentive plan awards held by the Named Executive Officers which vested during the year ended September 30, 2015.

Name	Option-based awards – Value vested during the year⁽¹⁾ (\$)	Share-based awards – Value vested during the year⁽²⁾ (\$)	Non-equity incentive plan compensation – Value earned during the year⁽³⁾ (\$)
Sheldon Inwentash	32,500	Nil	Nil
Richard Patricio	10,833	Nil	Nil
Gerry Feldman	10,833	Nil	Nil
Richard Homsany	10,833	Nil	Nil

⁽¹⁾ Amounts indicated reflect the aggregate dollar value that would have been realized by the Named Executive Officer if the options under his option-based awards which vested during fiscal 2015 were exercised by him on the vesting date. Aggregate dollar value is calculated by subtracting the exercise price of the option from the closing price of our common shares on the Toronto Stock Exchange on the vesting date. Options which are out-of-the-money on the vesting date (i.e., the exercise price is greater than the closing price of the underlying common shares) will have a nil value.

⁽²⁾ Mega does not make any share-based awards and none were held by the Named Executive Officers during the year ended September 30, 2015.

⁽³⁾ Non-equity incentive plan compensation generally reflects discretionary cash bonuses paid to the Named Executive Officers. No such compensation was paid for the financial year ended September 30, 2015.

Discussion of Incentive Plan Awards

Stock options are granted to the Named Executive Officers under our stock option plan. No specific formula or criteria is used to determine the quantum of a particular grant (whether in terms of the number of options or fair value of options) but prior grants, if any, during the financial year, may be taken into account. An option grant is intended to recognize, on a reasonable basis, the individual's specific contribution to the company in the context of his role. Option grants for the Named Executive Officers are proposed for consideration to the Nominating and Compensation Committee by the Chief Executive Officer and recommended by the committee to the Board of Directors for approval.

In accordance with the terms of our stock option plan, each option is exercisable for one of our common shares. The exercise price of an option is determined by the Board of Directors but may not be less than the closing price of our common shares on the Toronto Stock Exchange on the day preceding the grant date. As a matter of course, options have exercise prices equal to this closing price. Under the terms of the stock option plan, the Board of Directors also has the discretion to determine whether option grants will be subject to any vesting requirements. As a matter of course, options granted vest in equal installments every three months over an aggregate period of 18 months from the grant date.

Termination and Change in Control Benefits

Sheldon Inwentash resigned as our Chief Executive Officer effective March 1, 2015 (and as a director and Chairman of the board effective March 19, 2015) and received \$120,000, representing payment of his fees for the three month period commencing March 1, 2015. The Corporation also paid the aggregate amount that was owing to him in accrued and unpaid fees which had been deferred for the 2014 and (partial) 2015 financial years.

Change in Control

In the event of a change in control involving the company and regardless of whether there is a corresponding termination of his service, Mr. Patricio is entitled to receive a one-time lump sum cash payment equal to 24 months' fees and the average bonus paid to him in the 24 preceding months and immediate vesting of all stock options (subject to receipt of any necessary regulatory or other approvals).

Mr. Homsany is entitled to receive a one-time lump sum cash payment of \$950,000 and immediate vesting of all stock options (subject to receipt of any necessary regulatory or other approvals) in the event of a change in control involving the company and regardless of whether there is a corresponding termination of his service. He is also entitled to receive 24 months' fees (and other benefits), together with any bonus owed to him in the year of termination and for the following 24 months, if he terminates his agreement within 6 months of a change in control.

For the purposes of Mr. Patricio's and Mr. Homsany's entitlements, a change in control means: (a) the acquisition by any person or company (as such terms are defined in Section 1(1) of the *Securities Act* (Ontario), or by any combination of persons or companies, of beneficial ownership of more than 50% of our outstanding voting securities or of the voting power of such voting securities, by means of a take-over bid or otherwise; (b) if individuals who, as of the date of the particular agreement, constitute our board of directors (the "Incumbent Board") cease for any reason to constitute at least a majority of the members of the Incumbent Board; provided, however, that any individual becoming a director subsequent to the date of the agreement whose election, or nomination for election by our shareholders, is approved by a vote of at least two-thirds of the directors then constituting the Incumbent Board shall be considered as though such individual was a member of the Incumbent Board, but excluding, for this purpose, any such individual whose election or nomination is in connection with an actual or threatened solicitation of proxies by or on behalf of any party other than management; (c) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all or substantially all of our assets; (d) any consolidation, merger, amalgamation, arrangement, reorganization or transaction of similar form or nature involving the company (a "Business Combination"), whereby our shareholders immediately prior to the Business Combination do not, immediately following the Business Combination, beneficially own, directly or indirectly, more than 50% of the outstanding voting securities of the entity resulting from the Business Combination or of the voting power of such voting securities, in substantially the same proportions as their ownership immediately prior to the Business Combination; and (e) the approval by our shareholders of any liquidation or dissolution of the company.

Estimated Incremental Payments Upon Change in Control

The following table indicates the estimated incremental payments and benefits that would have been received by the Named Executive Officers under the change in control entitlements described above, assuming a change in control had occurred on September 30, 2015.

	Richard Patricio	Richard Homsany
Payment (\$)	350,000	1,430,000 ⁽¹⁾
Acceleration of unvested options (\$) ⁽²⁾	--	--
Total	350,000	1,430,000

⁽¹⁾ Includes 24 months' fees payable to Mr. Homsany, assuming that he terminated his agreement within 6 months of the change in control (at an AUD\$/CDN\$ exchange rate of par).

⁽²⁾ The value to each Named Executive Officer of the acceleration of their unvested options upon a change in control is calculated by multiplying the difference between the closing price of our common shares on the Toronto Stock Exchange on September 30,

2015 (\$0.08), the last trading day of our 2015 financial year, and the exercise price of the options by the number of unvested options held by the executive on that date.

Other members of management would have received \$300,000 in estimated incremental payments and benefits under change in control entitlements assuming a change in control had occurred on September 30, 2015.

Termination

Richard Patricio is entitled to receive payment of 24 months' fees if his services are terminated by us, for any reason (absent cause), in accordance with the terms of his agreement. He is also entitled to 18 months' fees if he terminates his services due to an adverse change in his position, duties, authority, responsibilities or title, including, without limitation, any such change in the person(s) to whom he reports or who report to him, or any assignment to him of any significant ongoing duties inconsistent in any respect with his position, duties, authority, responsibilities or title.

Under the terms of his consulting agreement with us, Gerry Feldman is entitled to receive payment of four months' fees if his services are terminated by us without four months' notice.

Richard Homsany is entitled to receive 24 months' fees (and other benefits), together with any bonus owed to him in the year of termination and for the following 24 months, if his agreement is terminated by: (a) us for any reason, other than for cause determined in accordance with the agreement or (b) by Mr. Homsany upon 6 months' prior notice and within 6 months of the occurrence of (i) a change in his title or duties resulting in a material diminution of his status or position with us, (ii) a change in control or material changes to the policies, strategies or future plans of our board of directors, as a result of which he is not able to implement his strategy or plans for the development of the company or its projects, or (iii) the relocation of the our principal place of business in Australia to a location other than Perth, Australia. Mr. Homsany is also entitled to receive payment of six months' fees if his services are terminated by us for any reason, other than for cause determined in accordance with the agreement, and without 6 months' notice.

Estimated Incremental Payments Upon Termination

If their respective agreements had been terminated by us on September 30, 2015, absent the requisite notice (where applicable), Mr. Patricio would have received a lump sum payment of \$350,000, Mr. Feldman would have receive an aggregate of \$48,333 payable over four months thereafter and Mr. Homsany would have received an aggregate of AU\$120,000 (approximately \$120,000 in Canadian dollars, based on the current exchange rate) payable over six months thereafter, and an aggregate of AUS\$480,000 (approximately \$480,000 in Canadian dollars, based on the current exchange rate) payable upon termination.

If Mr. Patricio had terminated his agreement on September 30, 2015 in any of the circumstances outlined above, he would have received \$262,500 upon termination. If Mr. Homsany had terminated his agreement on September 30, 2015 in any of the circumstances outlined above, he would have received an aggregate of AUS\$480,000 payable upon termination.

Director Compensation

Director Compensation Table

The following table sets forth the total compensation paid or payable by us to our non-executive directors for the fiscal year ended September 30, 2015. Directors who are also members of management are not compensated for their services rendered to us in their capacity as directors.

Name	Fees earned ⁽¹⁾ (\$)	Share-based awards (\$)	Option-based awards ⁽²⁾ (\$) ⁽³⁾	Non-equity incentive plan compensation (\$)	Pension Value (\$)	All other compensation (\$)	Total (\$)
Anthony Grey	22,417	N/A	30,000	Nil	Nil	Nil	52,417
Arni Johansson	19,500	N/A	30,000	Nil	Nil	Nil	49,500
Douglas Reeson	29,167	N/A	30,000	Nil	Nil	Nil	59,167
Michael Sweatman ⁽⁴⁾	9,000	N/A	Nil	Nil	Nil	Nil	9,000
Stewart Taylor	18,000	N/A	30,000	Nil	Nil	21,750 ⁽⁵⁾	69,750

⁽¹⁾ Fees earned are comprised of an annual retainer and meeting attendance fees, as more fully described below under “Discussion of Director Compensation”. The directors agreed to defer payment of and accrue all of their fees for the year (some of which were subsequently paid during the year) in order to assist in reducing the company’s short-term cash requirements.

⁽²⁾ Option-based awards are stock options granted to the non-executive directors under our stock option plan. Each option entitles the holder to acquire one of our common shares. Options vest and become exercisable in equal amounts every three months, over a period of eighteen months from the grant date, are granted at an exercise price per share equal to the closing price of our common shares on the Toronto Stock Exchange on the trading day immediately preceding the grant date, and expire five years from the grant date.

The dollar values of the options granted to the directors on the grant dates (calculated as set forth in note 3) are reported in the table. During the 2015 financial year, each non-executive director was granted 500,000 options exercisable at \$0.09 per share and expiring on May 31, 2020.

⁽³⁾ The dollar value of the option-based awards indicated in the table reflects the fair value of the options granted to the directors during the year, calculated as at the applicable grant date using the Black-Scholes valuation method. The values are calculated and provided for the purposes of the requirements of NI 51-102 and may not reflect the actual values that would be realized by the directors when they ultimately exercise the options, if at all, which realized values will depend upon the market price of our shares at the time of exercise. Additionally, the values reported do not reflect the intrinsic value of the options (the difference between the market price of the shares and the exercise price) on the grant date or as at September 30, 2015.

The Black-Scholes value of each option and the assumptions and estimates used in calculating the value are provided in the table below:

Option Fair Value, Assumptions and Estimates						
Grant Date	Exercise Price (\$)	Fair Value (\$)	Share Price Volatility (%)	Expected Life (years)	Expected Dividend Yield (%)	Risk-Free Interest Rate (%)
2015						
June 1	0.09	0.06	101.88	3.98	0	0.88

⁽⁴⁾ Mr. Sweatman retired from the board in March 2015.

⁽⁵⁾ Other compensation reflects fees paid to Mr. Taylor as President, prior to his retirement from the position in March 2015.

Discussion of Director Compensation

Each of our directors (all of whom are non-executive) receives an annual retainer of \$15,000, payable on a quarterly basis, and a fee of \$750 for each board meeting attended in person or by telephone and \$500 for each committee meeting. The chairman of the board receives an additional annual retainer of \$8,000 and the chairman of each of the Audit Committee and the Nomination and Compensation Committee receives an additional annual retainer of \$5,000.

Directors are also eligible to participate in our stock option plan, details of which are provided elsewhere in this circular under the sub-heading “Securities Authorized for Issuance Under Equity Compensation Plans – Stock Option Plan”.

The directors agreed to defer payment of and accrue their fees for the year (some of which were subsequently paid during the year) in order to assist in reducing the company’s short-term cash requirements. Details of the fees earned and options granted to our directors during the 2015 financial year are provided in the Director Compensation Table above.

Outstanding share-based awards and option-based awards

The following table provides details of stock options held by our non-executive directors as at September 30, 2015. The non-executive directors do not hold any share-based awards.

A nil value indicates that none of the options were in-the-money as at September 30, 2015.

⁽¹⁾ Amounts indicated in the column reflect the aggregate dollar value that would have been realized by the director if the options under his option-based awards which vested during fiscal 2015 were exercised by him on the vesting date. Aggregate dollar value is calculated by subtracting the exercise price of the option from the closing price of our common shares on the Toronto Stock Exchange on the vesting date.

⁽²⁾ We do not make any share-based awards and none were held by our directors during the year end September 30, 2015.

⁽³⁾ We do not pay any non-equity incentive plan compensation to our directors and no such compensation was earned by them during the year.

CORPORATE GOVERNANCE

The Canadian securities regulatory authorities have issued corporate governance guidelines (the “Corporate Governance Guidelines”) for all reporting issuers in Canada (other than investment funds), together with certain related disclosure requirements. The Corporate Governance Guidelines are recommended as “best practices” for issuers to follow. We recognize that good corporate governance plays an important role in our overall success and in enhancing shareholder value and, accordingly, we have adopted certain corporate governance practices which are reflective of the recommended guidelines. A summary of certain aspects of our approach to corporate governance is provided below.

Board of Directors

Independence

Multilateral Instrument 52-110 – *Audit Committees* of certain of the Canadian securities regulatory authorities (“**MI 52-110**”) sets out the standard for determining whether a director is “independent” for the purposes of the Corporate Governance Guidelines and disclosure requirements of the Canadian securities regulatory authorities. In accordance with MI 52-110, a director is “independent” if he or she has no direct or indirect material relationship with us. A “material relationship” is a relationship which could, in the view of our board of directors, be reasonably expected to interfere with the exercise of the director’s independent judgement. MI 52-110 also sets out certain circumstances where a director will automatically be considered to have a material relationship with us.

Based upon the standard articulated in MI 52-110, a majority of our existing directors are independent. Anthony Grey (who is not standing for re-election at the Meeting), Arni Johansson and Douglas Reeson

are the independent members of the board. Stewart Taylor is not independent by virtue of the fact that, as our former President, he has been an executive officer of the company within the last three years. Both Albert Contardi and Larry Goldberg, the new nominees for election as directors at the Meeting, are independent.

In accordance with the mandate of the board, our independent directors may meet regularly, or from time to time as the circumstances warrant, without the presence of members of management or our non-independent directors. Since the beginning of our most recently completed financial year, the independent directors held one meeting. Additionally, the three independent directors comprise the Audit Committee and the Nominating and Compensation Committee, and in that capacity, had the opportunity for candid discussions outside of the presence of management on several occasions during the year.

Douglas Reeson is Chairman of the board of directors and is an independent director.

Attendance

During our financial year ended September 30, 2015, there were 5 meetings of the board of directors, 4 meetings of the Audit Committee and 2 meetings of the Nominating and Compensation Committee. The attendance record of each of our directors for these meetings (as applicable) is set out below:

Director	Meetings of the		
	Board	Audit Committee	Nominating and Compensation Committee
Anthony Grey ⁽¹⁾	5/5	2/2	2/2
Sheldon Inwentash ⁽¹⁾	3/3	-	-
Arni Johansson	5/5	3/4	2/2
Douglas Reeson	5/5	4/4	-
Michael Sweatman ⁽¹⁾	3/3	2/2	2/2
Stewart Taylor	5/5	-	-

⁽¹⁾ Messieurs Inwentash and Sweatman ceased to be directors in March 2015. Mr. Grey was appointed to the Audit Committee following Mr. Sweatman's retirement.

Directorships

Certain of our directors (including new nominees for election at the Meeting) are presently also directors of one or more other reporting issuers, as follows:

Director	Reporting Issuers
Albert Contardi	Terreno Resources Corp.
Arni Johansson	Palisades Ventures Inc.
Douglas Reeson	Gossan Resources Limited

Board Mandate

Our board of directors is responsible for the stewardship of the company and for supervising the management of our business and affairs. The board reviews, discusses and approves various matters relating to our strategic direction, business and operations and its organizational structure, with a view to the Corporation's best interests.

While management is responsible for the day to day conduct of our business, in carrying out its supervisory responsibilities, the board (or committees of the board, as the case may be) has numerous responsibilities, including: (a) adopting a strategic planning process and approving a strategic plan; (b) identifying our principal business risks and ensuring the implementation of appropriate systems to manage these risks; (c) ensuring appropriate succession planning in place, including appointing, training and monitoring senior management; (d) developing a communications policy for the company; (e) developing policies and procedures to ensure the integrity of our internal control and management information systems; (f) ensuring appropriate standards of corporate conduct, including adopting a code of business conduct and ethics, and monitoring compliance with and waivers from the code; (g) ensuring implementation of appropriate environmental stewardship and health and safety management systems; (h) reviewing and approving compensation of senior management; (i) adopting corporate governance guidelines or principles applicable to us; (j) reviewing annually the contribution of the board as a whole, the committees of the board and each of the directors; and (k) adopting a process for shareholders and other interested parties to communicate directly with the board or its independent directors.

Position Descriptions

The board of directors has not developed written position descriptions for its chairman or the chair of each committee of the board. Generally, the chairman's responsibilities include setting agendas for board meetings in collaboration with our chief executive officer and presiding over the meetings, acting as a liaison between senior management and the board and providing advice to senior management on various matters. The chairman stays up-to-date about the organization and determines when an issue needs to be brought to the attention of the full board or a committee.

The chair of each committee of the board of directors is responsible for determining the frequency of committee meetings (subject to any requirements set forth in the committee's charter), developing the committee's annual schedule and agendas and reporting to the board on the significant matters considered at the committee's meetings.

The board of directors has not developed a written position description for our chief executive officer. In light of the current stage of our operations, the board is of the view that it is not necessary to formalize in writing the role and responsibilities of the chief executive officer. The chief executive officer is accountable to the board for the effective overall management of the company. He is responsible for, among other things: fostering a corporate culture that promotes ethical practices; developing our strategic plan; developing and maintaining an effective organizational structure; acting as our principal spokesperson; advising the board on operational and financial matters and keeping it apprised of significant events, developments and opportunities that affect our business.

Orientation and Continuing Education

Each new director brings a different skill set and professional background to the board of directors. Accordingly, the board determines, on an individual basis, what measures are appropriate to orient a new director to the nature and operations of our business. We provide continuing education for directors as the

need arises and encourage open discussion at all meetings, which format encourages learning by the directors.

Ethical Business Conduct

We have a Code of Business Conduct and Ethics (the “Code”) in place which is to be followed by our employees, officers and directors and those of our subsidiaries. The purpose of the Code is to, among other things, promote honest and ethical conduct, avoidance of conflicts of interest and compliance with applicable governmental laws, rules and regulations. A copy of the Code is available at www.sedar.com and a summary of certain of its provisions is provided below.

We are committed to sound environmental management. The Code confirms our intention to conduct our self in partnership with the environment and community at large as a responsible and caring business entity, and our commitment to managing all phases of our business in a manner that minimizes any adverse effects of our operations on the environment.

The Code provides that our employees, officers and directors are required to act with honesty and integrity and to avoid any relationship or activity that might create, or appear to create, a conflict between their personal interests and our interests. Such individuals (and their immediate family members) are prohibited from using their positions with the company to solicit gifts or other benefits from our suppliers and contractors, and the Code contains guidelines to be followed when accepting gifts or entertainment from these parties.

We are committed to providing a healthy and safe workplace in compliance with applicable laws, rules and regulations. The Code affirms our commitment to foster a work environment in which all individuals are treated with respect and dignity. We are an equal opportunity employer and do not discriminate against employees, officers, directors or potential employees, officers or directors on the basis of race, color, religion, sex, national origin, age, sexual orientation or disability or any other category protected by Canadian federal or provincial laws and regulations, or any laws or regulations applicable in the jurisdiction where such employees, officers or directors are located.

All of our employees, officers and directors are expected to comply with the Code and any waiver from any part of the Code requires the approval of our President, in the case of an employee, or of our Board of Directors, in the case of an officer or director, and if required under applicable securities legislation, public disclosure of the waiver in the case of an officer or director.

The Code also provides a process by which actual or potential violations of its provisions are to be reported (on a confidential basis) to the chairman of the Audit Committee and confirms that there will not be any reprisals against an individual who does so in good faith.

Nomination of Directors

The Nominating and Compensation Committee of the board of directors is responsible for assisting the board in respect of the nomination of directors and is required to identify new candidates for appointment to the board. The current members of the committee are Anthony Grey, Arni Johannson and Douglas Reeson, each of whom is an “independent” director for the purposes of the Corporate Governance Guidelines.

As part of its mandate, the Nominating and Compensation Committee is required to analyze our needs when a vacancy arises and identify individuals who can meet such needs and who, by virtue of their skills, areas of expertise, industry knowledge, geographic location and geographic and industry contacts, are best able

to contribute to the direction of our business and affairs. The identification of candidates is made in the context of the existing competencies and skills which the board of directors, as a whole, does possess and, to the extent different, should possess. If desirable, the committee may retain search firms to assist it in identifying candidates. Once suitable candidates are identified, they are presented for consideration to the board of directors.

The committee was established during our 2010 fiscal year but there have been no vacancies to fill on the board until the resignations of two directors during our 2015 financial year. Proposed candidates to fill the vacancies were considered based on their industry experience and skills. The Nominating and Compensation Committee saw the need to enhance the board's financial expertise, particularly in the areas of reporting, audit oversight and capital raising.

Compensation

The Nominating and Compensation Committee is also responsible for assisting the board of directors in respect of director and officer compensation matters. In accordance with its charter, the Nominating and Compensation Committee establishes and reviews our overall compensation philosophy and, at least annually, its general compensation policies with respect to the chief executive officer (and other officers), including the corporate goals and objectives and the annual performance objectives relevant to him. The committee evaluates the chief executive officer's performance in light these goals and objectives and, based on its evaluation, determines and approves the annual salary, bonus, options and other benefits of the chief executive officer. In determining his compensation, the committee may consider a number of factors, including the Corporation's performance, the value of similar incentive awards to chief executive officers at comparable companies, the awards given to the chief executive officer in past years and other factors it considers relevant.

The Nominating and Compensation Committee also reviews the adequacy and form of compensation of our directors, with a view to ensuring it realistically reflects the responsibilities and risks involved in being a director of the company. The committee recommends to the board for approval the form of remuneration of directors and the amount to which each director will be entitled.

Other Board Committees

Other than the Audit Committee and the Nominating and Compensation Committee, we do not have any other board committees.

Assessments

The board of directors annually reviews its own performance and effectiveness, as well as that of the Audit Committee. In accordance with its charter, the Audit Committee reviews the charter annually to assess whether any changes to it should be recommended to the board of directors. In accordance with its Charter, the Nominating and Compensation Committee reviews and evaluates, at least annually, its performance and the performance of its members, and reviews its charter to assess whether any changes to it should be recommended to the board of directors.

The board of directors has not instituted a formal process to regularly assess the effectiveness and contribution of the board of directors or that of individual directors. Effectiveness is subjectively measured by comparing actual corporate results with objectives. The contributions of each individual director is informally monitored by the other members of the board, having in mind the business strengths of the individual and the purpose of originally nominating the individual to the board.

We feel that our corporate governance practices are appropriate and effective for us, given our size and operations. Our method of corporate governance allows for us to operate efficiently, with simple checks and balances that control and monitor management and corporate functions without excessive administrative burden.

Term Limits and Other Mechanisms for Board Renewal

We have not adopted term limits for our directors or other formal mechanisms for board renewal. Our board is of the view that the company is best served where a balance exists between directors with the in-depth knowledge and institutional memory that comes from serving over longer periods of time and newer directors who bring different experiences and new perspectives. In their arbitrariness, term limits ignore this balance.

Representation of Women on the Board and in Executive Officer Positions

We have not adopted a written policy relating to the identification and nomination of women directors, however, the board supports the principles of diversity and recognizes the importance of diverse backgrounds, skills and experience and gender diversity when considering potential candidates who have the core skills and qualities to serve as directors. The board appreciates that the existing imbalance in respect of female representation on corporate boards is due primarily to a lack of opportunity, rather than qualifications, and intends to approach the process of identifying future candidates for board positions with a view to expanding its own diversity.

Historically, the level of representation of women on the board was not considered by the Corporate Governance and Nominating Committee when identifying and nominating candidates for election or re-election.

Historically, there has been little to no turnover in our executive officer ranks, which have always been few in number (there are currently three executive officers), and no consideration was given to the level of representation of women in executive positions when making appointments, to the extent the opportunity arose.

We have not adopted a target regarding the number of women on our board or in executive officer positions. We recognize the importance and value of gender diversity but believe, at this time, it is best served by making thoughtful and informed executive and board recruitment decisions that further diversity principles rather than applying a mathematical approach to any selection criteria. There are currently no women on our board (0 of 4 directors) or holding executive officer positions (0 of 3 executive officer positions). One of the four management positions (which includes the three executive officer positions) is held by a woman.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Set forth below is a summary of securities issued and issuable under all of our equity compensation plans as at September 30, 2015.

Equity Compensation Plan Information

<u>Plan Category</u>	Number of securities to be issued upon exercise of outstanding options, warrants and rights <u>(a)</u>	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) – as at <u>September 30, 2015</u> ⁽¹⁾
Equity compensation plans approved by securityholders	15,630,000	\$0.14	12,555,281 ⁽²⁾
Equity compensation plans not approved by securityholders	N/A	N/A	N/A
Total	15,630,000	\$0.14	12,555,281⁽²⁾

⁽¹⁾ Our stock option plan permits a maximum number of common shares to be issued under the plan equal to 10% of the number of common shares outstanding from time to time. As at September 30, 2015, 281,852,813 common shares were issued and outstanding, resulting in a maximum of 28,185,281 common shares available for issuance under the stock option plan (including pursuant to the exercise of the outstanding options referenced in column (a)).

⁽²⁾ This number does not include common shares that may become available for issuance under the plan pursuant to its “reload” provision (as discussed below under the heading “Stock Option Plan”).

Stock Option Plan

We grant options under our stock option plan to eligible directors, officers and employees of, and consultants to, the company and our subsidiaries.

The number of common shares issuable pursuant to options granted under the stock option plan may not exceed 10% of the number of common shares outstanding from time to time. Notwithstanding such 10% limit, that number of common shares, if any, underlying options that have been cancelled or that have expired unexercised (whether in full or in part) will once again be issuable under the stock option plan. Furthermore, the stock option plan has a “reload” provision whereby the number of common shares that have been issued pursuant to the exercise of options granted under the plan will once again be available for issuance under the plan.

As at January 22, 2016, an aggregate of 28,185,281 common shares were issuable under the stock option plan (excluding shares available pursuant to the “reload” provision). As at that date, 3,282,960 common shares had been issued under the plan and 17,280,000 common shares were issuable pursuant to outstanding options granted thereunder, representing approximately 1.1% and 6.1%, respectively, of the 281,852,813 common shares outstanding. An additional 10,905,281 common shares remained issuable under future option grants under the stock option plan, representing approximately 3.9% of the common shares outstanding as at that date (assuming no “reload” of common shares issued under the plan).

The number of common shares that may be issuable, at any time, to insiders of the company under the stock option plan, together with any other share-based compensation arrangements of ours, may not exceed 10% of the number of common shares outstanding on the date of grant. The number of common shares that may be issued, within any one-year period, to insiders of the company under the stock option plan, together with any other share-based compensation arrangements of ours, may not exceed 10% of the number of our common shares issued and outstanding.

The exercise price of an option granted under our stock option plan is determined by the Board of Directors but may not be less than the closing price of our common shares on the Toronto Stock Exchange on the trading day immediately prior to the date of the option grant or, if the common shares do not trade on such date, then the exercise price may not be less than the average of the daily high and low board lot trading prices of the common shares on the Toronto Stock Exchange for the five trading days immediately preceding the date the option is granted.

The board of directors has the discretion to determine the term and vesting provisions (if any) of options granted under the stock option plan, provided that the term of an option may not exceed ten (10) years. If an optionee's employment with or service to us is terminated for any reason (other than as a result of the optionee's death or for cause), all options which have vested as at the date of resignation or notice of termination of employment or service, as the case may be, may be exercised until the earlier of the expiry date of the options and the date that is ninety (90) days from the date of resignation or notice of termination of employment or service, as the case may be. In the event of an optionee's death, all options which have vested as at the date of death may be exercised under the earlier of the expiry date of the options and the date that is twelve (12) months from the date of death. The board of directors has the discretion to determine an alternative expiry date in the event of the termination of an optionee's employment or service or the optionee's death. All unvested options held by an optionee on the date of resignation, notice of termination or death (unless the optionee is terminated for cause), as the case may be, will continue to vest until expiry.

Subject to the receipt of any applicable regulatory, the board of directors may amend the terms of the stock option plan, without the approval of shareholders, except any amendment to (i) change the maximum number of common shares that may be issued under the stock option plan, whether as a fixed number of common shares or as a percentage of the number of common shares outstanding from time to time (other than to reflect an adjustment otherwise permitted under the stock option plan), (ii) reduce the exercise price or extend the expiry period of any option, (iii) increase the limits on the number of common shares issuable to participants under the stock option plan who are insiders of the company, or (iv) expand the class of participants eligible to participate in the stock option plan, any of which amendments shall be subject to the approval of shareholders.

Amendments that can be made to the stock option plan by the board of directors which will not require the approval of shareholders include changing the vesting provisions of any option and changing the effect of the termination of an optionee's employment with or service to us on the optionee's outstanding options.

Options granted under the stock option plan may not be assigned or transferred, other than to certain permitted assigns, including a registered retirement savings plan or registered retirement income fund of the optionee.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

None of our directors or executive officers, none of the persons who have been our directors or executive officers since the commencement of our last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS TO THE CORPORATION

No director, executive officer or employee, former executive officer, director or employee, or proposed nominee for election as a director, or associate of any such director, officer or proposed nominee has been indebted to us since the beginning of our most recently completed financial year.

DIRECTORS AND OFFICERS INDEMNIFICATION

We maintain liability insurance for our directors and officers. The policy provides coverage of up to \$10,000,000, with a deductible of \$50,000. The annual insurance premium is \$21,500 (plus applicable taxes), no portion of which is payable by the individual directors and officers. No claims have been made or paid to date under this policy.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No director, executive officer, significant shareholder, proposed nominee for election as a director, other informed person, or any associate or affiliate of any such person is, has or has had at any time since the beginning of our most recently completed financial year, any material interest, direct or indirect, in any transaction or in any proposed transaction which had materially affected or would materially affect us.

ADDITIONAL INFORMATION

Additional information concerning us is available on SEDAR at www.sedar.com. Financial information concerning us is provided in our comparative financial statements and management's discussion and analysis for the financial year ended September 30, 2015. Certain information pertaining to our audit committee and our external auditors is also provided in the section entitled "Audit Committee Disclosure" of our annual information form for the financial year ended September 30, 2015, which is also available on SEDAR at www.sedar.com.

SCHEDULE A

BY-LAW NO. 2

A by-law relating to the nomination of directors of

MEGA URANIUM LTD.

IT IS HEREBY ENACTED as By-law No. 2 (the “**By-Law**”) of Mega Uranium Ltd. (the “**Corporation**”) as follows:

1. **Nomination of Directors**

Subject only to the *Business Corporations Act* (Ontario) (the “**Act**”) and the articles of the Corporation, only persons who are nominated in accordance with the following procedures shall be eligible for election as directors of the Corporation. Nominations of persons for election to the board may be made at any annual meeting of shareholders, or at any special meeting of shareholders if one of the purposes for which the special meeting was called is the election of directors: (i) by or at the direction of the board, including pursuant to a notice of meeting; (ii) by or at the direction or request of one or more shareholders pursuant to a proposal made in accordance with the provisions of the Act, or a requisition of the shareholders made in accordance with the provisions of the Act; or (iii) by any person (a “**Nominating Shareholder**”): (A) who, at the close of business on the date of the giving of the notice provided for below in this By-law and on the record date for notice of such meeting, is entered in the securities register as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting; and (B) who complies with the notice procedures set forth below in this By-Law.

- (a) In addition to any other applicable requirements, for a nomination to be made by a Nominating Shareholder, the Nominating Shareholder must have given timely notice thereof in proper written form to the Secretary of the Corporation at the principal executive offices of the Corporation.
- (b) To be timely, a Nominating Shareholder’s notice to the Secretary of the Corporation must be made:
 - (i) in the case of an annual meeting of shareholders, not less than 30 days prior to the date of the annual meeting of shareholders; provided, however, that in the event that the annual meeting of shareholders is to be held on a date that is less than 50 days after the date (the “**Notice Date**”) on which the first public announcement of the date of the annual meeting was made, notice by the Nominating Shareholder may be made not later than the close of business on the tenth (10th) day following the Notice Date; and
 - (ii) in the case of a special meeting (which is not also an annual meeting) of shareholders called for the purpose of electing directors (whether or not called for other purposes), not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the special meeting of shareholders was made.
- (c) To be in proper written form, a Nominating Shareholder’s notice to the Secretary of the Corporation must set forth:
 - (i) as to each person whom the Nominating Shareholder proposes to nominate for election as a director: (A) the name, age, business address and residential address of the person; (B) the principal occupation or employment of the person; (C) the class or series and number of shares in the capital of the Corporation which are controlled or which are owned beneficially or of record by the person as of the record date for the meeting of shareholders (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice; and (D) any other information relating to the person that would be required to be disclosed in a dissident’s proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act and Applicable Securities Laws (as defined below); and

- (ii) as to the Nominating Shareholder giving the notice, any proxy, contract, arrangement, understanding or relationship pursuant to which such Nominating Shareholder has a right to vote any shares of the Corporation and any other information relating to such Nominating Shareholder that would be required to be made in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act and Applicable Securities Laws (as defined below).
- (d) In addition, to be considered timely and in proper written form, a Nominating Shareholder's notice will be promptly updated and supplemented, if necessary, so that the information provided or required to be provided in such notice will be true and correct as of the date that is ten days prior to the date of the meeting, or any adjournment or postponement thereof.
- (e) No person shall be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of this By-Law; provided, however, that nothing in this By-Law shall be deemed to preclude discussion by a shareholder (as distinct from the nomination of directors) at a meeting of shareholders of any matter in respect of which it would have been entitled to submit a proposal pursuant to the provisions of the Act. The Chairman of the meeting shall have the power and duty to determine whether a nomination was made in accordance with the procedures set forth in the foregoing provisions and, if any proposed nomination is not in compliance with such foregoing provisions, to declare that such defective nomination shall be disregarded.
- (f) For purposes of this By-Law:
 - (i) “**public announcement**” shall mean disclosure in a press release reported by a national news service in Canada, or in a document publicly filed by the Corporation under its profile on the System of Electronic Document Analysis and Retrieval at www.sedar.com; and
 - (ii) “**Applicable Securities Laws**” means the applicable securities legislation of each relevant province and territory of Canada, as amended from time to time, the rules, regulations and forms made or promulgated under any such statute and the published national instruments, multilateral instruments, policies, bulletins and notices of the securities commission and similar regulatory authority of each province and territory of Canada.
- (g) Notwithstanding any other provision of this By-Law, notice given to the Secretary of the Corporation pursuant to this By-Law may only be given by personal delivery, facsimile transmission or by email (at such email address as stipulated from time to time by the Secretary of the Corporation for purposes of this notice), and shall be deemed to have been given and made only at the time it is served by personal delivery, email (at the aforesaid address) or sent by facsimile transmission (provided that receipt of confirmation of such transmission has been received) to the Secretary at the address of the principal executive offices of the Corporation; provided that if such delivery or electronic communication is made on a day which is a not a business day or later than 5:00 p.m. (Toronto time) on a day which is a business day, then such delivery or electronic communication shall be deemed to have been made on the subsequent day that is a business day.
- (h) Notwithstanding the foregoing, the board may, in its sole discretion, waive any or all requirements in this By-Law.

2. **Effective Date**

This By-Law will come into force on the date when made by the board in accordance with the Act.

ENACTED AND MADE by the board of directors of the Corporation on the 4th day of February, 2016 and subject to confirmation by the Corporation's shareholders in accordance with the Act at the annual and special meeting of shareholders to be held on March 31, 2016.
